NEW

I am introducing the more affordable graphite mini portrait sketch. A beautiful but smaller fine art portrait measuring just 7" x 5" (8"X10" once mounted). Please see table above for pricing.

HOW TO GET STARTED...

- To complete your artwork please email high resolution photographs with a brief description of any details you would like including to mollydoodledandy@hotmail.co.uk.
- My drawings are very detailed and if the material I receive from you is not suitable to work from then unfortunately I will not be able to go ahead with your commission.
- I require a clear photo of the pet/pets.. If you are local to Lichfield, Staffordshire then I will happily come and photograph for an additional £15.00.
- Once I have approved the images, I will contact you and require a £100.00 deposit to secure your booking. The remainder of the payment is required upon completion of the drawing when you are entirely happy.
- I retain the right to share your commissioned artwork on social media and in my portfolio, if however, you wish for this not to happen then please specify in your email.
